About the authors

David Webber is the Senior Community Engagement Officer with the NSW SES and the Project Manager for the Community Involvement in Planning Pilot Project.

Andrew Gissing is the Director Government Business and Enterprise Risk Management at Risk Frontiers at Macquarie University specialising in risk management solutions.

Neil Dufty is a Principal at Molino Stewart Pty Ltd. For this project, he was responsible for designing the community participation activities with the reference groups and was the independent facilitator.

Dr Deanne Bird is a research analyst with the Faculty of Life and Environmental Sciences, University of Iceland and an associate of Risk Frontiers, Macquarie University. Deanne's interests include evaluations of resilience, vulnerability and better-practice community engagement strategies.

RESEARCH DRIVING CHANGE

SHOWCASE 2017

bushfire&natural
HAZARDSCRC

A special event in the life of the Bushfire and Natural Hazards CRC at its midpoint.

A showcase of our research achievements 2013 to 2017.

When: 4–5 July 2017

Where: National Wine Centre, Adelaide

Register Now:

www.bnhcrc.com.au/showcase2017

Research Driving Change – Showcase 2017 is an opportunity to listen, discuss and digest the learnings from across the whole research program and highlight how the findings are being put into practice.

Research Driving Change – Showcase 2017 is open to everyone, not just CRC partners. Come along, be informed and stay involved. We can all make a difference.
